

**Teaching Methods Implemented for Effective Teaching Learning Process**

Academic Year:2018-19	Branch:CSE	Year/ Semester:IV/II
Name of the Faculty: B.Ramesh	Name of the Subject: Adhoc Sensors and Networks	

**Teaching Method: Plickers**

Quiz was conducted using the tool Plickers in which students are given cards which carries unique pattern for its answers. Answers may be option A, B C or D. By putting cards in front of mobile camera students can register his or her answer. This quiz was conducted for the subjects of Adhoc Sensors and Networks. After completion of quiz answers were displayed on the projector screen so students can know their result. The question in which students got less performance was discussed again for so that students got better clarity of that topic or question.
